

Olney Memories #160

October 6, 2024

Here we go to # 160! I am thrilled with the thought that we have come this far with the Olney Memories that is actually made by you readers! If you folks know of others who might like to receive these and enjoy reading and maybe sending in some memories, give them my email that that's all there is to it! If your email has changed please remember to send me your new one. I want to wish you all good health and a happy fall season.

Ann - I enjoyed reading all of the letters from former members of ERHS, now called Richland County High School - the one note from a gent who talked about "dragging Main Street." That sends me back to when I was 17, riding my bicycle around town. As I passed Eagleson Olds-Cadillac used car lot I saw something in the very end of their used car lot. It was an old '48 Cadillac. Making a very long story short I bought the car. I asked the dealer to deliver it to the ERHS High School parking lot, so that I could drive my steady girlfriend Helen Shultz home. One of the best things I remember about "dragging main" is that there were no seatbelts in the car, which meant that Helen and I could sit close together as we "honked" our way up and down Main, from one end to the other. Helen and I were married - she passed away just short of our 50th wedding anniversary.

I'd like to reply to David Mitchell - I noticed as I read your latest Olney Memories that he said hello.. I wonder what Dave has been "up to" during the years. Dave picked me to say hello to - right back atcha, Dave!

159 issues of Olney Memories! Once again, thank you for your work of putting this together. I look forward to every issue.

I think it's safe to say we all wish you and your family all the best. Stay well.

Hey girl -

I appreciate your Olney Memories so much.

I actually have something to contribute for the next edition, if you feel it is appropriate.

First of all, I'm headed to Olney tomorrow, on July 5th - July 7th for the Class of 1964 Class Reunion.

Now the Class Reunion is over and I had a great time seeing everyone! It was so nice and I hope we can do it again.

Secondly, my dear Mom. Look what she saved for me. I found this in my stuff and it's Not in bad shape.

This is Ann , and this is as large as I can get the picture above to enlarge. You might have to get your magnifying glass to read the names! But it's such a great picture I think.....!!

Ann,

Yes, I did receive the OM #159 via my yahoo account. Thank you for asking.

As an idea for future OMs, why not ask the readers to submit stories about the old high school and later middle school building on Main Street and tell us what they remember most about it. As a lover of old architecture, I am saddened that the place was torn down in the 80s. It had such a classic look

to it. I was only in it once back in the 70s to go with my mom to pick a friend up from a dance there. My siblings and I all went to St. Joe's from the mid 60s through the early 80s, so none of us ever saw the inside of any public school except the High School on Lauel.

Best regards,

Brian
